

Company Profile

February - 2023

Private & Confidential

ABOUT US

- Established in 2006, Innovative Techcentre is engaged in provision of all types of **IT Hardware Trading, Rental or Hire and Ancillary products and services.**
- Innovative provides state-of-the-art services through it's proficient team of technical and management professionals and has revolutionized traditional business activity of Rentals by:
 - application of contemporary digital tools in it's routine transactional dealings,
 - introduction of service levels provided typically in hospitality industry and
 - deployment of optimal technical brains from the hardware industry.

Management Team

Ravi Jagtap – Director

- Co-Founder of Innovative Techcentre, Ravi is a qualified Computer Engineer from Institute of Technology in Pune
- Ravi carries with himself an invaluable Technical and Management experience of close to 2 decades in IT Hardware Industry.
- Ravi began his professional career as Hardware Engineer from institutions like PC Cure and ASUS and attained in-depth technical expertise at chip/component level works at an early age.
- In 2006, Ravi co-founded Innovative Technology (then a partnership firm and today's Innovative Techcentre)
- Since inception, Ravi has demonstrated Participative Leadership leading Business Development and Technical functions at Innovative and has been primarily responsible for inducing 'Customer First' ethos in the company.

Management Team

Nilesh Parhad – Director

- Co-Founding member of Innovative Techcentre, Nilesh completed his Computer Engineering from Institute of Technology in Pune in 2004
- In the initial part of his career, Nilesh operated as Desktop Support Engineer working in companies like HSBC
- Just like his co-founding partner Ravi, Nilesh now has been an Entrepreneur with more than 15 years work experience in various verticals of IT Hardware industry
- A first generation entrepreneur, Nilesh has been a pillar supporting Innovative's all commercial (including finance, purchase and operations) and technical initiatives since incorporation. With a strong business acumen, technical expertise and a keen foresight, Nilesh has led varied functions and teams over the years to make Innovative reach where it is today.
